

Mercury – Enterprise Legal Management

Gain Control Over Legal Spend and Operations

Mercury empowers legal departments to manage matters, control budgets, monitor law firm performance, and strengthen compliance, all from a single, centralized platform.

Better Visibility. Better Control. Better Outcomes.

CORE CAPABILITIES

Everything You Need to Manage Legal Operations.

Matter & Assignment Management

Centralize legal matters, assignments, and workflows with complete visibility and control.

Budget Management & Actuals

Track legal spend against approved budgets with real-time budget vs. actual reporting and forecasting.

Legal Bill Review

Review and validate legal invoices against billing guidelines, budgets, and approved rates.

Law Firm Appeals & Resolution

Manage invoice disputes, appeals, and communications through an integrated Resolution Desktop (RDT).

Law Firm Timekeeper Rate Management

Control approved timekeeper rates and enforce negotiated fee arrangements across all vendors.

Law Firm Performance & Scorecarding

Evaluate outside counsel using KPIs, scorecards, benchmarking, and performance analytics.

**Ready to Take Control
of Legal Spend?**
