LSG

Legal Solutions Group

Enterprise Legal SaaS

Predictive Analytics

Identify the most expensive and complex claims and the likelihood of certain actions and outcomes within 30 days of FNOL.

Legal Bill Review

Enforce billing guidelines with the help of machine learning and an optional second layer of LSG's expert legal fee auditors.

ExpenseCore Legal

Manage legal matters from start to end, including outside counsel assignment, detailed budgeting, e-billing, and more.

Why choose Legal Solutions Group?

We've generated over $1.2B in client value

Legal Solutions Group, LSG, with its global footprint, has delivered $1.2 billion dollars in value to clients with its Legal Solutions and AI technology.

We focus on insurers, self-insured companies and TPAs, but also offer our enterprise legal software solutions to corporate legal departments regardless of industry.

As a privately held business, our focus is on customer success. What other businesses call customization, we call making sure clients' unique requirements are met.
